

Early Intervention— PAI 's Early Intervention (EI) program meets the needs of families and children from birth to age three who have developmental delays and other special needs.

Residential— PAI provides person-centered and innovative approaches to assisting individuals with residential supports. Single living situations, homes with chosen roommates, and group homes are all ways that PAI has been able to assist people in finding the best living environment for them.

Employment—PAI will support you to get a good job in your community. Experienced Employment Coaches will assist you to:

- Create a resume
- Perform a job search
- Fill out applications
- Prepare for interviews
- Understand ADA and reasonable accommodation
- Develop marketing and networking skills

We will:

- Provide on the job training
- Provide long-term follow up support

Mental Health & Substance Abuse

PAI's support services are designed to meet your or your child's mental health/substance abuse recovery, financial, social, educational, and vocational needs all in one location.

We provide:

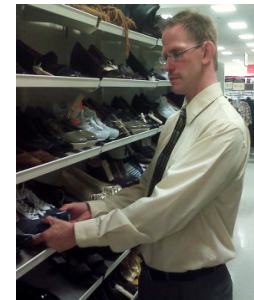

- Psychiatry
- Therapy
- Crisis Response
- Case Management
- In Home Services

- Club House
- Substance Abuse Counseling

Peer Support— PAI's peer support program is intended to serve individuals in a psychiatric hospital who are considering discharge, those recently discharged, or those who live in the community. The staff are mental health or substance abuse professionals that have personal experience with mental illness or substance abuse.

Developmental & Intellectual Disabilities

PAI provides a variety of services to individuals according to their specific needs and interests. We

work to connect and/or reconnect the people we serve with their families and friends by assisting them with integration

in their community and by using person-centered approaches to assist them in achieving their personal goals. We provide support with:

- Skill Acquisition
- Self-care
- Socialization
- Independent Living
- Self-advocacy
